A POINTER

ON—

HATS AND CAPS.

Many persons wonder how we have been able to build up our immense trade in hats and caps. Well, we don't mind telling you—it's the secret. First—we have the largest and best assortment in the city, of all good, correct styles, and qualities and prices to suit everyone. Second—our prices are the lowest that our aim is to have the best article that can be made in the money. Third—every hat sold is warranted as represented, and if it is not we return it to us. Fourth—we have but one price and that the lowest, which we mark in plain letters on every article offered for sale. No guess work about prices here. Below we give a few of our prices on leading styles, but remember that these are not the only styles we have. We mention all would require a large catalogue, but we want you to call and see the immense variety we have.
